Trying Something New and Getting Great Reviews!!!

J.B. interviewed with Oak Grove Fred Meyer after his job coach showed a supervisor his portfolio. The supervisor liked what she saw so she scheduled an interview and J.B. landed a job. His job coach helped J.B. navigate the processes and procedures that Fred Meyer uses to create an efficient and effective workplace. J.B. also gained an understanding of what his role was to become a productive member of the team during orientation. J.B. usually works 3-4 days and 12-20 hours a week. He uses Trimet Lift to get to and from work.

At work, J.B. can be seen collecting carts and baskets, taking out trash, helping customers bring groceries to their cars, and anything else he is asked to do. His job coach assists J.B. with communicating with his supervisors and reminds him to stay on task when he gets a little chatty. J.B. has built a strong rapport with his management team and co-workers due to his outgoing personality and sense of humor.

J. B's favorite part of his job is meeting new customers and seeing new faces come into the store. J.B. said that with the money that he makes at his job that he would like to go camping, to the beach, on a cruise to Hawaii, and to an NFL game one day.

After three years on the job, J.B. has started bagger training. He wanted to

try something new and prove to his managers that he can do more than pushing carts. He is a fast learner and has gotten great reviews from his coworkers and customers for a job well done.
