

# "ETC." NEWSLETER

"YOUR VISION IS OUR MISSION"

APRIL 2021

**Let us all give a great big SHOUT OUT!!!** To the staff and hardworking crew that made the job site run efficiently at Georgia Pacific's co-packing production site. Georgia Pacific has moved to a new location and is no longer needing our assistance in the co-packing department.

This is going to be a great opportunity for those clients to look at community employment with the Work Futures team, brush up on job skills in the Upskills employment program, possibly join our new Wild Mike's job site or go have fun with Paths 2 PDX.

"Exceed threw the crew an end of this job opportunity and on to new adventures in employment party" that included a barbeque, games, and cake. Thank you to all the staff and crews for the many years of your hard work co-packing napkins, paper towels and other products.

### "Hard work will always earn you success."

Anca has been at the Canby Fred Meyer for almost 6 years working 12-20 hours a week as a Courtesy Clerk. Her job duties consist of bagging and assisting customers with groceries, gathering shopping carts, sanitizing lobby areas, and greeting customers. Her janitorial tasks are sweeping, mopping, trash, and restroom checks.

Anca has recently joined the safety committee. She is supported by her job coach Kathy Alderson with understanding

the tasks and responsibilities of being on the committee. Anca is responsible for monitoring and encouraging safety within her department and the store. Anca also has the task of talking with her co-workers in her department about the safety topic of month and then reporting their conversations to the safety committee.

Talking in front of others can be hard for Anca, so her job coach has created reference cards for her to talk from. They practice using the cards before each safety meeting.

She is highly appreciated by her Management team. It has been expressed numerous times from her Manager, Adam, that Anca is very good at her job and the one person he can trust to get things done. She has a great work ethic and is very reliable. Anca lives in a smaller community she walks, bikes, or her parents drive her to work. When asked, what is your favorite part of the job? she answered, "I enjoy getting to know the regulars!"
